Buck Fever.

On his hunting trip this time, Al takes his pup and a dachshund along. He shoots at birds, and squirrels and chases two bear cubs that he discovers playing mumblepeg.

The pup dislikes the way old Al is managing the expedition, so he takes Al's gun and leads the way. Under his direction Al digs a hole right over a cave in which the King of the Beasts is having a haircut, shampoo and manicure. The lion, annoyed by the digging, climbs up above and abuses Al. The little pup comes to Al's rescue, kicks Leo who turns and chases the pup into another cave.

Al waits anxiously outside the cave, and pretty soon the pup comes out, with five lions in tow.
